PROJECTS

VetPawTner App

08/2025 – 09/2025

- Developed a comprehensive Vet platform for managing pet adoptions, sales and purchases, featuring automated order handling.
- Implemented a pet healthcare and appointment system that connects users to nearby veterinary clinics, **cutting booking time by ~30%**.
- Designed a pet events and funding module that enables event management and secure payments, **increasing community engagement by ~25%**.

Personal Health Application

09/2024 – 12/2024

- Led a five-member team to build a health app offering real-time analytics and personalized recommendations, **boosting user retention by ~20%**.
- Designed and implemented an intuitive, interactive UI simulating real-world deployment for smooth navigation, **reducing onboarding time by ~35%**.
- Created women's health features, including a period prediction tool, **enhancing personalized care and usability for ~200+ users**.

COURSES AND CERTIFICATIONS

Java Full Stack (Tata Strive)

Completed Java Full Stack Development training at **TATA STRIVE**.

05/2025 – 09/2025
Bengaluru, India

Codecademy

Java, SpringBoot, React.js, Git & GitHub.

06/2025 – 09/2025
Bengaluru, India

WORK EXPERIENCE

Front-End Development Intern | Bharat Electronics Limited (BEL)

03/2025 – 04/2025

- Built dashboards using HTML, CSS, and JavaScript to efficiently manage employee data (salary, feedback), **reducing manual report generation time by ~35%**.
- Collaborated with the backend team to integrate APIs, **improving data accessibility and UI responsiveness by ~25%**.
- Designed user-friendly UI components for efficient interaction and data visualization, **enhancing overall user satisfaction by ~20%**.

Bengaluru, India
